

Community Polytechnic

Community Development through Polytechnic Scheme

Community Development through Polytechnics Scheme C.D.T.P has been started at Chandigarh College of Engineering & Technology Diploma wing, w.e.f. October 2010. This is one of the key schemes of Technical Education, started under the direct central assistance of MHRD, GOI with a view that the Community Polytechnics should act as a focal point for the development of rural community through the application of Science & Technology in the rural areas and generate self/wage employment opportunity through non-formal training in competency /need based skill in various trades (Courses are free of cost, No age limit and No qualification required). This scheme is for the benefit of rural youth, women, school dropouts, SCs /STs and other weaker sections of the society.

The major activities identified for the Community Polytechnic Scheme are as under:-

- Socio economic survey.
- Manpower development.
- Transfer of technologies.
- Technical services
- Support services.
- Dissemination of information

There are twenty one villages under U.T., Chandigarh in which seventeen villages are governed by Panchayats and rest are governed by the Municipal Corporation .The main objectives as above are being achieved since January 2003 through continuous efforts to cover all the villages under U.T. Before starting of courses, meetings with prominent villagers, Panchayat people and other organizations have been held for the identification of needs and requirements of villagers /under privileged people.

The aim of Community Development through Polytechnics Scheme is to serve the rural community (rural youth, women ,school dropouts, SCs /STs and other weaker sections of the society) and impart a training to the so identified parameters of society to make them self reliant. The Scheme has been able to identify and impart training to enable the 'have-nots' to become self reliant.

In 2012 total numbers of persons trained were 435. Services for repairing of electrical appliances, wiring, coolers A.Cs, furniture's etc are being rendered. Tree Plantation has also been carried out in the college and villages also emphasizing Environment Protection.

A brief report as on year 2012 is appended:-

MANPOWER DEVELOPMENT & TRAINNG

No of Training Programmes conducted	13
-------------------------------------	----

No of persons trained	435
No of Extension Centers established	05

List of Training program to be conducted at various Main & Extension centers in session 2013-14 in CCET, Sector-26, Chandigarh.

Sr. No	Name of Trade	Name of Instructor	Contact Number
1.	Carpentry & Furniture making	Sh. Jasmer Singh	8146640888
2.	Welding & Fabrication	Sh Sarbjit Singh	9464545076
